

YEAR 13 AGRICULTURAL SCIENCE WORKSHEET 1

1. Differentiate between import and export
2. List three importance of import and export trade
3. List five export commodities of Fiji.
4. List five import commodities of Fiji.
5. Discuss Fiji's current statistic in relation to international trade
6. Name three major imported products of Fiji.
7. Name three major export countries for Fiji
8. Explain the reason behind Fiji high amount of import products.
9. Discuss one way of reducing trade deficit of Fiji's crop and livestock sub sector
- 10.

Since 1989 Fiji adopted an **export oriented, outward looking approach** with regards to trade relations. Import restrictions were lifted in favour of export promotion, and as such Fiji now has a more open economy with increased volumes of both exports and imports. Given the enormous export potential within the agriculture sector Government plans to intensify its Export Promotion Programme through awareness seminars/workshops for farmers.

- i) Explain what is meant by export oriented, outward looking approach
 - ii) State three actions taken by Fiji to promote exports
- 11). Differentiate between devaluation and Balance of Trade
 12. Differentiate between customs duty and freight charges
 13. Discuss how the following factors impact trade in Fiji
 - a) Economics and statistics
 - b) Marketing services
 - c) Guidance and regulation
