Write a paragraph about how you spend your family time while you are at home.

Write about **five** sentences.

Paragraph writing tips

-  Your first sentence must state your point, which introduces the topic you are about to discuss.
-  It tells the reader what the paragraph is going to be about.
-  Support your point with explanations, like evidence and examples.
-  In the next one or two sentences, give evidence to explain and support the point you made.
-  The last sentence of your paragraph should once again relate to your original point.
